TOWN CLERK
LEXINGTON MA

LEXINGTON DESIGN ADVISORY COMMITTEE

Minutes of Meeting of February 9, 2022

A meeting of the Design Advisory Committee (DAC) was held remotely via ZOOM on February 9, 2022 at 7:30 pm.

Members Present: Tim Lee, Sudir Murthy, Christian Delahuerta, Ian Adamson

Members Absent: Steve Vincent, Caroline Fitzgerald, Chris Johns

Approvals: none

The Committee reviewed and acted on the following item(s):

1. 313 Marrett Road – Wireless installation

The Committee reviewed the revised photo simulations, proposed detail changes and product information provided for the wireless antenna and enclosure installation and approves the application with the following comments and recommendations.

- a. The detail adding the band or corbel near the top of the enclosure per the detail drawn by the DAC is the approved solution.
- b. The simulated brick sample was generally approved but the Committee. The Committee stressed again matching color, size of the existing brick and joints as much as possible.
- c. The panels will be mounted with galvanized through panel fasteners and the heads will be exposed on the outside surface and painted to match the brick and joints so they blend in.

Exhibits presented at our meeting:

1. Dish Wireless preliminary documents set A&E project number 100753 issued for construction 10.28.21
2. Stealthskin V ESSV Panel data sheet
3. Photo simulations, revised
4. Brick Corbel Detail provided by the DAC

Documents provided and presented by Robin Latour from NB+C, Owner representative

Other Business: None

Meeting was adjourned

Respectfully submitted Timothy Lee
